

Autumn and winter bookings 2021-2022

The houses are very popular in winter, especially those close to the capital. Normally, the houses are fully booked a month in advance, so it's important to make your booking early to get a time that suits you.

The winter period is from August 27, 2021, to June 3, 2022. You can book both weekends and weeks. Over holidays, i.e. Christmas, New Year's and Easter, you can only book weeks. Christmas and New Year's weeks are on 22/12-29/12 and 29/12-5/1, respectively. Bookings for Christmas and New Year's begin on September 10. You can only pick either holiday week, not both.

Winter bookings will be opened in two stages.

Bookings until Christmas can be made as of August 16 at 8.15am. Bookings for next year, from January 5 until June 3, can be made as of November 1 at 8.15am. Remember that Easter bookings are separate and will be opened in the beginning of February, and will depend on the point status of the applicants.

Weekend rent is three days, either from Thursday to Sunday or Friday to Monday. No points are deducted in winter bookings, except for Easter. Points are only deducted when you rent in summer or over Easter.

How to book a house?

In winter, you can book either on the booking website or at the Efling office. Every member can book once before the turn of the year and once after.

You can book on the homepage, efling.is, with digital identification or a password. You can also book via telephone by calling the office at 510-7500, or sending a request to orlof@efling.is

Instructions on the booking page:

At the booking page (ISL : Orlofsvefur - Bókunarvefur Eflingar) you go to the summer house tab (ISL : Orlofshús) and then click free houses (ISL : Laus orlofshús).

Then you'll see an overview of all summer houses for the next three weeks. You select the period you're booking in by clicking the arrows above. Then you select the house by clicking through the list above the overview picture (ISL : Veljið hús – Bóka). Finally you select the period, give a phone number, accept the terms and pay: (ISL : Dagsetning frá - Dagsetning til - Sími).

White areas show you times you can book. Light yellow areas show periods which can't be booked yet. These become white when booking is opened. Note that not all houses are rented out in winter and that orange areas mean the house can't be booked.
